Cabinet Loudspeakers

Safety & Security Systems | BU Communications | Commercial Systems | All Regions | January 2020

Introduction announcement

Availability date
March 2020

PRODUCT DESCRIPTION

The LB10-UC06x-x are 6 W, general-purpose, cost effective loudspeakers for indoor use. They are available in black and white, as well as with a volume control option. A third model with a flat front is also available without volume control.

FEATURES / BENEFITS

- ▶ Good speech intelligibility and background music
- ▶ Finished in white or black
- ▶ ABS construction
- ▶ Complies with international installation and safety regulations

REMARKS

- ▶ The loudspeaker is sold in units (priced per piece).
- ▶ The LB10-UC06x-x are packed in pairs, thus the minimum order has to be a multiple of 2.
